

## Conveyor belts with mechanical fastening system ERO Joint® (patented)

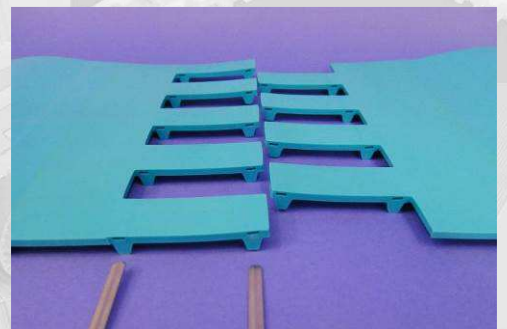

### Advantages of ERO Joint® belts:

**Fast and easy installation and assembly.** With this solution, you will **save time** and optimize your production downtimes by **reducing the repair time.**

ERO Joint® doesn't modify the **thickness and the structure** of the conveyor belt.

Mechanical fastening systems ERO Joint® are **lasting solutions available in all types of conveyor belts** with a thickness over 1mm and 2 plies.

**There is no modification of the minimum diameter.**
